

# MHW MUSIKVERLAG GMBH

MHW Musikverlag GmbH is actively seeking solid publishing partners in various territories to represent, administrate and exploit our vastly growing publishing catalogue.

The MHW Musikverlag GmbH wish list consists of:

1. A partner who cooperates with (local) record labels with the purpose of arranging remixes for our Compositions - both from "big" artists, as well as for pop / rock / mainstream artists who would like to add a quality remix to their release.
2. A partner who is active in arranging syncs for games.
3. A partner who is active in arranging syncs for movies, TV series and/or commercials.
4. A partner who is active in exploiting our Repertoire in terms of licensing.
5. A partner who runs a tight administration and has excellent connections with the (local) collecting societies.
6. Type of deal: preferably an administration based deal.
7. Advance.

More info about our Repertoire is to be found on the official new site: [www.mhwmusikverlag.com](http://www.mhwmusikverlag.com)
